My Dear Mrs. Manley:-

I would appreciate it very much if you would clear up your account with me for this year. (\$106.⁰⁰) I'm sorry I didn't see you at the Stadium on the 8th. I spoke to Mr. Manley on that day and he told me you were resting up a few days. Guess we all needed some relax after this hectic season.

I do hope you and Mr. Manley will clear everything up and come back next year with a good start. Gee, I would surely hate to see you folks quit baseball. You have been very nice indeed to me. Please don't think this from a financial standpoint, but from my association with you two.

Please believe me when I state this — Negro Baseball will certainly miss someone who have fought to clear up the mess and muddle that has infested the league. So I say, don't "QUIT" — Baseball needs you. Maybe everything will straighten itself out and the future will hold brighter things for you.

I will close now wishing you lots of luck, I am

Sincerely Yours
Michael Iannarella
